

- POLISHED PORCELAIN TILES**
- POLISHED STONE AND AGGLOMERATES**

WHAT IT'S FOR

- The best stain protection for polished stone, granite and porcelain.
- Anti-graffiti treatment for vertical surfaces in natural stone.
- It is ideally suited for protecting kitchen and bathroom tops.

ADVANTAGES

- Does not change the natural colour of surfaces.
- Does not form surface film.
- The product is certified food-safe.
- Impregnates, protects, and makes cleaning easier.
- Ideal for the protection of crackle-effect ceramic tiles.

HOW TO USE IT

No dilution required: ready to use.

Application:

1. Using a paintbrush, apply the product evenly and continually to a clean dry surface.
2. After 24 hours, when the floor is dry, remove any residues with a cloth dampened with the same product. Dry with a dry cloth or kitchen towel.

Maintenance:

diluted solution of **FILACLEANER**.

COVERAGE

With one litre:

| | |
|------------------------|----------------------------|
| Marble/Granite | 30 m² |
| porcelain tiles | 30/40 m² |
| Terrazzo | 20 m² |

"Coverage shown is for guidance purposes only and refers to single coats"

Caution:

Before applying to the entire surface, test the product on a small area to check for colour changes. Do not apply the product externally if rain is forecast.

Packaging

- 250-ml bottles in boxes of 12.
- 1-litre cans in boxes of 6.
- 5-litre cans in boxes of 4.

WARNINGS

- Keep out of reach of children.
- Do not disperse into the environment after use.
- Ventilate the premises well during use and while the product is drying.
- It does not protect marble and limestone from acid.
- The use of a single-disc cleaning machine is permitted only if it is perfectly undamaged.

TEMPERATURES

Storage temperature: from 0° to 30°C.
The product should be applied to materials with temperature between 5° and 30°C.

COMPOSITION

A mixture of silicon compounds dispersed in de-aromatised hydrocarbon solvent.

LABELLING

Warning: Danger

Hazard indication:

Flammable liquid and vapour. May be fatal if swallowed and enters airways. May cause drowsiness or dizziness. Repeated exposure may cause skin dryness or cracking.

Caution recommendations: If medical advice is needed, have product container or label at hand. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep container tightly closed. Avoid breathing dust / fume / gas / mist / vapours / spray. Wear protective gloves / eye protection / face protection. IF SWALLOWED: immediately call a POISON CENTER / doctor. Dispose of contents / container in accordance with official regulations. Contains: NAPHTHA (PETROLEUM), HYDROTREATED LIGHT

TECHNICAL FEATURES

Appearance: liquid

Colour: transparent colourless

Odour: slight hydrocarbon solvent smell

Density: 0,776 kg/l

Flash point: 40 °C
